TRAVENTIONS - SIMPLIFIED BUSINESS REQUIREMENTS DOCUMENT

Executive Summary

Traventions is a B2B travel platform for Travel Management Companies (TMCs) and travel agents, enabling flight, hotel, and ground transportation booking with integrated payments, commission tracking, and comprehensive reporting.

Business Objectives

1. **TMC Empowerment**: Access to competitive fares (Net, Commissionable, Consolidator, NDC)
2. **Multi-Role Support**: 5 distinct user roles with tailored access
3. **Financial Management**: Wallet and credit system with tax compliance
4. **Operational Excellence**: Booking management, refunds, and support ticketing

---

Platform Scope

✅ Core Services

- **Flights**: One-way, round-trip, multi-city with ancillaries (seat/meal selection, baggage)
- **Hotels**: City/landmark search, multi-room bookings, instant/on-request confirmation
- **Cabs**: Airport/railway/city/intercity transfers with real-time tracking

✅ Key Features

- 5 user roles with access control
- Wallet (prepaid) & Credit (postpaid)
- Complete booking management
- Reporting & dashboards
- Support ticketing

❌ Not Included

B2C bookings, Corporate travel policies, Tour packages, Visa, Insurance, Trains, Car rentals, Mobile apps (Phase 1-3)

01: User Roles & Access Control

User Roles Overview

Role	Responsibilities	Access Level
Super Admin - Operations	TMC application approval/rejection, KYC verification, customer support, platform settings	Full platform access
Super Admin - Finance	View finances, supplier settlements, block/unblock TMCs, credit management, financial reports	Financial operations
TMC Admin	Manage TMC account, create sub-users, book for clients, track commissions, manage wallet/credit	TMC-wide access
TMC Booking Agent	Search and book travel for clients, view own bookings, commission tracking	Booking creation only
TMC Support Agent	Handle customer queries, view bookings, assist with modifications/cancellations, ticket management	Support operations only

---

Detailed Role Definitions

1. Super Admin - Operations

Primary Functions:

- Review and approve/reject new TMC applications
- Verify KYC documents (IATA certificates, PAN, business registration)
- Configure initial TMC settings (commission structure, credit terms)

- Handle escalated customer support tickets
- Platform configuration and settings management
- Monitor system health and performance

Access:

- Full read/write access to all TMC accounts
- Application review dashboard
- Support ticket management
- Platform configuration settings
- System logs and monitoring

Cannot Access:

- Financial transactions and settlements
- Credit limit modifications
- Revenue/margin reports

---

2. Super Admin - Finance

Primary Functions:

- View all financial data and reports
- Process supplier settlements
- Manage TMC credit limits and payment terms
- Block/unblock TMC accounts for non-payment
- Track overdue payments
- Generate financial reports (revenue, margins, tax)
- Reconciliation and dispute resolution

Access:

- All financial dashboards and reports
- TMC credit management
- Supplier settlement interface
- Block/unblock TMC functionality
- Payment reconciliation tools
- Tax reports

Cannot Access:

- TMC application approval/rejection
- Platform configuration

- Customer support tickets (except payment-related)

---

3. TMC Admin

Primary Functions:

- Complete TMC account management
- Create and manage TMC booking agents and support agents
- Book travel for all clients
- Access all fare types (Net, Commissionable, Consolidator, NDC)
- Track all TMC bookings and commissions
- Manage wallet and request credit extensions
- View TMC-wide reports and dashboards
- Client relationship management

Access:

- All TMC user management
- All booking creation and management
- All fare types with commission visibility
- Wallet recharge and credit requests
- TMC-wide reports (bookings, revenue, commission)
- All TMC client bookings

Capabilities:

- Create/edit/delete booking agents
- Create/edit/delete support agents
- Set permissions for sub-users
- View all sub-user activities
- Download consolidated reports

---

4. TMC Booking Agent

Primary Functions:

- Search and book flights, hotels, and cabs for clients
- Access all fare types with commission comparison
- Enter client and traveler details
- Process payments via TMC wallet/credit
- View own booking history
- Track personal commission earnings

- Download booking documents (e-tickets, vouchers, invoices)

Access:

- Search and booking interfaces
- Commission comparison views
- Own booking history only
- Client database (for booking purposes)
- TMC wallet balance (view only)

Cannot Access:

- Other agents' bookings
- TMC admin functions
- User management
- Wallet recharge
- Support tickets created by others
- TMC-wide reports

Limitations:

- Cannot modify/cancel bookings after creation (must route through TMC Admin or Support Agent)
- Cannot view TMC-wide financial data
- Cannot create or manage sub-users

---

5. TMC Support Agent

Primary Functions:

- View all TMC bookings (read-only for booking details)
- Handle customer queries and complaints
- Assist with booking modifications and cancellations
- Create and manage support tickets
- Escalate complex issues to Super Admin
- Track ticket SLAs and resolution times
- Communicate with customers via multiple channels

Access:

- All TMC bookings (view only)
- Support ticket system
- Customer communication channels

- Modification/cancellation workflows
- Basic booking information

Cannot Access:

- Create new bookings
- Financial data or commission details
- Wallet/credit management
- User management
- TMC admin settings

Capabilities:

- View complete booking details
- Process modification requests (date changes, name corrections)
- Initiate cancellations and refund requests
- Create support tickets on behalf of customers
- View ticket history and status
- Generate booking-specific reports

User Onboarding Flows

TMC Admin Registration

1. **Registration**

    - Navigate to registration page
    - Enter TMC details (Company name, Email, Phone, Address)
    - Upload KYC documents (IATA certificate, PAN, Business registration)
    - Create admin credentials
    - Submit application

2. **Verification (Super Admin - Operations)**

    - Review application in queue
    - Verify KYC documents
    - Check IATA/business credentials
    - Approve or reject with reason
    - System sends approval/rejection email

3. **Finance Setup (Super Admin - Finance)**

    - Configure commission structure
    - Set initial credit limit (if applicable)
    - Define payment terms (15/30/45 days)
    - Activate financial account

4. **Account Activation**

    - TMC Admin receives activation email
    - First login and password setup
    - Dashboard access enabled
    - Begin creating sub-users and booking

TMC Sub-User Creation (by TMC Admin)

1. **Booking Agent**

    - Navigate to "Team Management"
    - Click "Add Booking Agent"
    - Enter details (Name, Email, Phone)
    - System sends invitation email
    - Agent sets password and logs in
    - Access to booking interface only

2. **Support Agent**

    - Navigate to "Team Management"
    - Click "Add Support Agent"
    - Enter details (Name, Email, Phone)
    - System sends invitation email
    - Agent sets password and logs in
    - Access to support interface and booking view

Security & Session Management

Authentication

- Email + password login
- 2FA mandatory for Super Admin roles
- 2FA optional for TMC Admin (recommended)
- Account lockout after 5 failed attempts
- Password reset via email link

Password Requirements

- Minimum 8 characters
- Uppercase + lowercase + number + special character
- Password expiry every 90 days (Super Admin roles)
- Password expiry every 120 days (TMC roles)
- Cannot reuse last 3 passwords

Session Management

- Session timeout: 30 minutes of inactivity
- Warning at 28 minutes
- Auto-logout with session expiry message
- Option to extend session before timeout

02: Flights Module

Search & Results

Trip Types

- One-way
- Round-trip
- Multi-city (up to 6 segments)

Search Inputs

- Origin/Destination (airport codes or city names)
- Departure/Return dates
- Passengers:
    - Adults (12+ years): 1-9
    - Children (2-11 years): 0-8
    - Infants (<2 years): 0-1 per adult
    - Maximum 9 total passengers
- Cabin class (Economy, Premium Economy, Business, First)
- Optional: Flexible dates, Non-stop only, Preferred airlines

---

Fare Types (Agent View)

Fare Type	Commission	Description	Best For
Net	0%	Lowest published price	Price-sensitive clients
Commissionable	1-3%	Standard published fares	Most bookings
Consolidator	Platform margin	Bulk contract rates	High-volume routes
NDC	5-10%	Direct airline content	Maximum commission

Display for Booking Agents:

Flight: AA 101 - New York (JFK) → London (LHR)

├─ Net Fare: $850 | Commission: $0 | Your Earning: $0

├─ Commissionable: $920 | Commission: 2% | Your Earning: $18.40

├─ Consolidator: $880 | Margin: 3% | Your Earning: $26.40

└─ NDC: $900 | Commission: 8% | Your Earning: $72.00 ⭐ BEST COMMISSION

Results Display

Flight Card:

- Airline name and logo
- Flight number(s)
- Departure/arrival airports and times
- Total duration and stops
- Cabin class
- Baggage allowance (e.g., "1 x 23kg checked, 1 x 7kg cabin")
- Price per passenger
- Fare type badge (for agents)
- Quick actions: "View Details" | "Book Now"

Filters:

- Price range (slider)
- Airlines (multi-select)
- Stops (Non-stop, 1 stop, 2+ stops)

- Departure/Arrival times (morning/afternoon/evening/night)
- Layover duration
- Cabin class
- Fare type (for agents)
- Baggage allowance

Sorting:

- Price (low to high / high to low)
- Duration (shortest first)
- Departure time (earliest/latest)
- Arrival time (earliest/latest)
- Best value (platform recommendation)

Booking Flow

1. Fare Rules & Details

Before booking, users can view:

- Cancellation policy (fees, refund %, deadlines)
- Change policy (fees, restrictions)
- Baggage allowance (checked and cabin)
- Fare validity period
- Booking class and availability

2. Passenger Details

For each passenger:

- Title (Mr/Mrs/Ms/Dr)
- First name and last name (as per passport)
- Date of birth
- Gender
- Nationality
- Passport details (for international flights):
    - Passport number
    - Passport expiry date
    - Country of issue

Client Information (for agents):

- Client company name

- Client contact person
- Client email (for e-ticket delivery)
- Client phone number
- Reference number (optional)

3. Ancillaries

Seat Selection:

- Interactive seat map showing available seats
- Color coding:
    - Green: Free seats
    - Blue: Paid seats ($15-$50 depending on position)
    - Gray: Occupied
    - Yellow: Extra legroom ($40-$100)
- Select seats for each passenger
- Option to skip seat selection

Meal Selection:

- View available meals per flight segment
- Categories:
    - Vegetarian
    - Non-vegetarian
    - Vegan
    - Special dietary (Gluten-free, Kosher, Halal, etc.)
- Complimentary meals (long-haul) or paid ($10-$25)
- Select for each passenger

Extra Baggage:

- Standard allowance displayed
- Purchase additional:
    - 5kg: $50
    - 10kg: $90
    - 15kg: $120
    - 20kg: $150
- Select per passenger

Special Requests:

- Wheelchair assistance
- Bassinet (for infants)
- Pet in cabin
- Sports equipment

- Musical instruments
- Medical assistance

4. Contact Information

- Primary contact email (for e-ticket)
- Primary contact phone (for SMS alerts)
- Alternate contact (optional)
- Preferred communication method

Hold Booking Feature

Availability: Select airlines only (indicated in search results)

Process:

1. Complete booking flow without payment
2. Select "Hold Booking" instead of "Pay Now"
3. System reserves seats and provides Ticketing Time Limit (TTL)
4. TTL countdown timer displayed

TTL Countdown:

- **Green:** >12 hours remaining
- **Yellow:** 6-12 hours remaining
- **Red:** <6 hours remaining (urgent action needed)

Reminders:

- Email reminder at 24 hours before expiry
- Email reminder at 6 hours before expiry
- SMS alert at 2 hours before expiry

Actions:

- Complete payment anytime before TTL
- System auto-cancels if TTL expires without payment
- No penalty for expiry (seats released back to inventory)

Payment & Confirmation

Payment Methods

- **TMC Wallet** (instant deduction, no fee)
- **Credit/Debit Card** (2% fee, 3D Secure verification)
- **Net Banking** (1% fee, 5-minute processing)
- **Postpaid Credit** (for TMCs with credit limit, no fee)

Payment Flow

1. Select payment method
2. Review total amount breakdown:
    - Base fare × passengers
    - Taxes and fees
    - Ancillaries (seats, meals, baggage)
    - Payment processing fee (if applicable)
    - **Total amount**
3. Confirm payment
4. OTP/3D Secure verification (if card payment)
5. Processing (5-30 seconds)
6. Confirmation

Confirmation Delivered

- **Email:**
    - E-ticket PDF with QR code
    - Booking confirmation with PNR
    - Payment receipt
    - Tax invoice
- **SMS:**
    - PNR and booking reference
    - Flight details summary
    - Link to view booking
- **Dashboard:**
    - Booking appears in "My Bookings"
    - Status: "Confirmed"

Post-Booking Management

View Booking

Display all details:

- Booking ID and PNR
- Booking status (Confirmed/On Hold/Cancelled)
- Flight itinerary (all segments)
- Passenger details with assigned seats
- Meal preferences
- Baggage allowance
- Fare breakdown
- Payment status and receipt
- Client information (for agents)
- Commission earned (for booking agents)

Available Actions

- Download e-ticket (PDF)
- Email itinerary (to client or traveler)
- Add to calendar (.ics file)
- Print booking
- Modify booking
- Cancel booking

Modifications

Modification Type	Fee Structure	Restrictions	Processing Time
Date Change	$150-$200 + Airline penalty + Fare difference	Same route, within fare validity	24-48 hours
Name Correction	$50 (minor errors up to 3 characters)	At least 24 hours before departure	12-24 hours
Seat Change	Free (if free seats) or price difference	Until check-in opens	Instant
Meal Change	Free or price difference	Until 24 hours before departure	Instant
Route Change	Platform fee + Airline penalty + Fare difference	Subject to availability	24-72 hours

Modification Process

1. Click "Modify" on booking page
2. Select modification type
3. System displays:
    - Available options

    - Total costs (fees + penalties + differences)
    - Estimated processing time
4. Confirm modification
5. Pay additional charges (if any)
6. System processes with airline
7. Updated e-ticket issued
8. Confirmation email/SMS sent

Note: Modifications can only be initiated by TMC Admin or Support Agent, not by Booking Agent who created the booking.

Cancellations & Refunds

Cancellation Options

- **Full cancellation:** All passengers
- **Partial cancellation:** Selected passengers only (if multiple)

Cancellation Process

1. Click "Cancel" on booking page
2. Select passengers to cancel (if partial)
3. View cancellation policy and refund estimate:

   Booking Amount: $1,200

   Airline Cancellation Fee: $150

   Platform Service Fee: $25

   Refund Amount: $1,025

   Refund Timeline: 10-15 business days

4. Select cancellation reason (dropdown)
5. Confirm cancellation
6. System initiates refund process

Refund Timeline

Service	Supplier Processing	Platform Processing	Total Timeline
Flights	7-14 business days	2-3 business days	10-17 business days

Refund Method Options

- **To Wallet:** Faster processing (credited once supplier confirms)
- **To Original Payment Method:** Standard timeline (5-7 days after wallet credit)

Refund Status Tracking

Visual timeline with email/SMS at each stage:

1. ⏳ **Cancellation Requested** (Immediate)
2. ⏳ **Airline Processing** (Day 1-7)
3. ⏳ **Airline Confirmed** (Day 7-14)
4. ⏳ **Refund Initiated** (Day 10)
5. ✅ **Refund Completed** (Day 10-17)

TMC-Specific Features

Commission Tracking (Booking Agent View)

Every booking displays:

Booking: AA 101 - JFK to LHR

Fare Type: NDC

Total Booking Value: $900

Your Commission: 8% = $72.00

Commission Dashboard

- Total commission earned (Today, This Week, This Month, YTD)
- Breakdown by service (Flights, Hotels, Cabs)
- Breakdown by fare type
- Top earning routes
- Commission by client

Client Management (TMC Admin)

- Client database with contact details
- Booking history per client
- Total spend per client
- Preferred travel routes
- Commission earned per client
- Quick book for repeat clients

Key User Journeys

Journey 1: TMC Booking Agent - Standard Booking

Scenario: Agent books a round-trip flight for a client

Steps:

1. Login as Booking Agent
2. Navigate to "Flights"
3. Enter search:
    - Origin: New York (JFK)
    - Destination: London (LHR)
    - Dates: Dec 15 - Dec 22
    - Passengers: 1 Adult, Business Class
4. View results with commission comparison
5. Select NDC fare ($1,800, 8% commission = $144)
6. Review fare rules
7. Enter passenger details (client employee name from saved database)
8. Select seat (Free) and meal ($20)
9. Enter client information
10. Review total: $1,820
11. Pay via TMC Wallet
12. Receive confirmation (PNR: ABC123)
13. Email e-ticket to client
14. Commission $144 added to personal dashboard

Duration: 5-7 minutes
Outcome: Booking confirmed, commission earned, client notified

---

Journey 2: TMC Support Agent - Handle Modification

Scenario: Client needs to change flight date

Steps:

1. Client contacts support via email
2. Support Agent logs in
3. Search booking by PNR or client name
4. View complete booking details

5. Click "Modify" → "Change Date"
6. System shows:
    - Available alternative dates
    - Costs: Platform fee $150 + Airline penalty $100 + Fare diff $80 = $330
7. Confirm with client via email
8. Initiate modification
9. Pay additional $330 from TMC Wallet
10. Airline processes (24-48 hours)
11. New e-ticket issued
12. Forward to client
13. Create support ticket for record
14. Close ticket

Duration: 10 minutes (initial) + 24-48 hours (airline processing)
Outcome: Flight date changed, client satisfied

Journey 3: TMC Admin - Hold Booking & Pay Later

Scenario: Admin holds booking while waiting for client approval

Steps:

1. Login as TMC Admin
2. Search flight: San Francisco → Tokyo
3. Select suitable option ($1,500)
4. Enter passenger details
5. Select ancillaries
6. Choose "Hold Booking" (TTL: 48 hours)
7. System reserves seats
8. Email confirmation with TTL countdown
9. Forward to client for approval
10. Client approves after 10 hours
11. Login to booking
12. Click "Complete Payment"
13. Pay $1,500 via Wallet
14. E-ticket issued immediately
15. Forward to client

Duration: 5 minutes to hold, 2 minutes to complete payment
Outcome: Booking secured without immediate payment, completed when ready

---

03: Hotels Module

Search & Results

Search Types

- **By City:** Enter city name (e.g., "New York")
- **By Area/Locality:** Specific neighborhood (e.g., "Manhattan Midtown")
- **By Hotel Name:** Direct hotel search
- **By Landmark:** With distance display (e.g., "Near Times Square - 0.5 km")

Search Inputs

- **Destination:** Auto-suggest with city/area/hotel/landmark
- **Check-in / Check-out dates:** 1-30 nights
- **Rooms:** 1-9 rooms
- **Guest Configuration per room:**
    - Adults: 1-4
    - Children: 0-3 (with ages for each child)
- **Nationality:** Affects pricing for some hotels

Results Display

Hotel Card Shows:

- Image carousel (3-5 photos)
- Hotel name

3. Confirmation Type

Instant Confirmation (⚡):

- Confirmed within 5 minutes
- Payment processed immediately
- Confirmation email/SMS sent right away
- Voucher generated instantly
- Majority of hotels offer this

On-Request Confirmation (🕐):

- Requires manual hotel confirmation (6-24 hours)
- Payment amount held (not charged)
- Email notification when confirmed or rejected
- If confirmed: Proceed with booking, voucher issued
- If rejected: Full refund + alternative hotel suggestions
- Common during peak seasons or for special room types

---

4. Payment & Confirmation

Payment Process:

1. Review booking summary
2. Select payment method (Wallet/Card/Credit)
3. Apply promocode if available
4. Confirm total amount
5. Process payment
6. Receive confirmation

Confirmation Delivered:

- **Email:**
    - Hotel voucher (PDF)
    - Booking confirmation with reference number
    - Payment receipt
    - Tax invoice
    - Hotel contact details
- **SMS:**
    - Booking reference number
    - Hotel name and address
    - Check-in date and time
    - Link to view booking
- **Dashboard:**
    - Booking appears in "My Bookings"
    - Status: "Confirmed" or "On-Request"

Voucher Contains:

- Booking ID and hotel confirmation number
- Hotel details (name, address, contact)
- Guest names
- Room type and count
- Check-in/out dates and times
- Rate plan and inclusions
- Special requests
- Cancellation policy
- Important notes
- Support contact

Post-Booking Management

View Booking

Display complete information:

- Booking ID and hotel confirmation number
- Booking status (Confirmed / On-Request / Cancelled)
- Hotel information and contact
- Guest details
- Room type and count
- Check-in/out dates

Booking Value: $1,461.20

Commission Rate: 12%

Your Commission: $175.34

Commission Dashboard

- Total hotel commission (Today, Week, Month, YTD)
- Breakdown by hotel chain
- Breakdown by city/destination
- Commission by client
- Average commission % by booking

Multi-Room Booking

- Book up to 9 rooms in single transaction
- Different guest names per room
- Same or different room types
- Single payment for all rooms
- Consolidated voucher + individual room vouchers
- Partial cancellation available

Key User Journeys

Journey 1: TMC Booking Agent - Standard Hotel Booking

Scenario: Agent books 3-night hotel stay for a client

Steps:

1. Login as Booking Agent
2. Navigate to "Hotels"
3. Search:
    - Destination: New York, Times Square
    - Check-in: Dec 15 | Check-out: Dec 18 (3 nights)
    - 1 Room, 1 Adult
4. Filter: 4-star, Free WiFi, Breakfast included
5. Sort by: Highest commission
6. Select: Hyatt Regency ($420/night, 12% commission)
7. View hotel details, photos, reviews
8. Select "Superior Room - B&B" rate plan
9. Enter guest details (from client database)
10. Special requests: High floor, King bed
11. Enter client information
12. Review total: $1,461.20
13. Commission displayed: $175.34
14. Pay via TMC Wallet
15. Instant confirmation (HTL789456)
16. Download and email voucher to client
17. Commission added to dashboard

Duration: 5-7 minutes
Outcome: Hotel booked, commission earned, voucher sent to client

---

Journey 2: TMC Support Agent - Handle Date Change

Scenario: Client needs to change hotel dates due to flight change

Steps:

1. Client emails support: "Flight delayed, need to check-in Dec 16 instead of Dec 15"
2. Support Agent logs in
3. Search booking by confirmation number
4. View booking details
5. Check original cancellation policy: Free cancel until 48h before
6. Current timing: 5 days before check-in (safe to modify)
7. Click "Modify" → "Change Dates"
8. New dates: Dec 16-19 (3 nights)
9. System checks availability: ✅ Available
10. Cost breakdown:
    - Original: $1,260 for 3 nights
    - New dates: $1,320 for 3 nights (peak period)
    - Hotel modification fee: $100
    - Rate difference: $60
    - Total additional: $160
11. Email client for approval
12. Client approves
13. Submit modification request
14. Hotel confirms within 6 hours
15. Pay additional $160 from TMC Wallet
16. Updated voucher issued
17. Email new voucher to client
18. Create support ticket for record
19. Close ticket

Duration: 15 minutes (initial) + 6 hours (hotel approval)
Outcome: Dates successfully changed, client satisfied

Journey 3: TMC Admin - Multi-Room Corporate Booking

Scenario: Book hotel for 4 employees attending a conference

Steps:

1. Login as TMC Admin
2. Navigate to "Hotels"
3. Search:

    - Destination: Las Vegas Convention Center Area
    - Check-in: Jan 10 | Check-out: Jan 13 (3 nights)
    - 4 Rooms, 1 Adult per room
4. Filter: Free WiFi, Parking, Business Center
5. Select: Marriott Convention Center ($280/night, 10% commission)
6. Select "Deluxe Room - Room Only" for all 4 rooms
7. Enter guest details for each room:
    - Room 1: John Smith
    - Room 2: Sarah Johnson
    - Room 3: Michael Chen
    - Room 4: Emily Davis
8. Special requests: Adjoining rooms if possible, High floor
9. Enter client information (Company: TechCorp Inc.)
10. Review total:
    - $280 × 4 rooms × 3 nights = $3,360
    - Taxes: $403.20
    - Service charge: $100
    - **Total: $3,863.20**
11. Commission: 10% × $3,360 = $336
12. Pay via TMC Wallet
13. Instant confirmation
14. Download vouchers:
    - Master voucher (all 4 rooms)
    - Individual vouchers (1 per room)
15. Email vouchers to each employee
16. Email master voucher to client contact

Duration: 8-10 minutes
Outcome: 4 rooms booked, $336 commission, vouchers distributed

---

Journey 4: TMC Support Agent - Handle Cancellation

Scenario: Client needs to cancel hotel due to event postponement

Steps:

1. Client calls: "Conference postponed, need to cancel all rooms"
2. Support Agent logs in
3. Search booking by client name
4. View booking: 4 rooms, check-in in 10 days
5. Review cancellation policy: Free cancel until 7 days before
6. Current timing: 10 days before = Free cancellation
7. Click "Cancel" → "Full Cancellation"

8. System shows refund estimate:
    - Total paid: $3,863.20
    - Cancellation fee: $0 (free cancellation period)
    - Refund amount: $3,863.20
9. Select reason: "Event cancelled/postponed"
10. Confirm cancellation
11. Hotel processes (2-3 hours)
12. Hotel confirms cancellation
13. Refund initiated to TMC Wallet
14. Email confirmation to client
15. Refund completed in 3-5 days
16. Create support ticket documenting cancellation
17. Close ticket

Duration: 10 minutes + 3-5 days refund processing
Outcome: Full refund secured, client notified

Journey 5: On-Request Booking During Peak Season

Scenario: Client needs hotel during New Year's Eve in Dubai

Steps:

1. TMC Admin searches hotels in Dubai
2. Most hotels show "🕐 On-Request" due to peak season
3. Select: Burj Al Arab ($2,500/night)
4. System shows: "Confirmation within 24 hours"
5. Complete guest details and special requests
6. Submit booking
7. Payment amount held (not charged)
8. Confirmation: "Your request has been submitted to the hotel"
9. Email to client: "Booking pending confirmation, will update within 24h"
10. **Wait 18 hours**
11. Hotel confirms availability
12. Email received: "Great news! Your booking is confirmed"
13. Payment processed from TMC Wallet
14. Voucher generated
15. Email voucher to client

Alternate Scenario (If Rejected): 10. **Wait 20 hours** 11. Hotel rejects: "Fully booked" 12. Email: "Unfortunately, hotel is unavailable. Here are alternatives:" 13. System suggests 3 similar hotels nearby 14. Payment hold released (no charge) 15. Contact client to select alternative 16. Book alternative hotel

Duration: 5 minutes to submit + 6-24 hours for confirmation
Outcome: Either confirmed booking or alternatives provided with full refund

---

04: Cabs & Transfers Module

Transfer Types

1. **Airport Transfers**

    - Airport Pickup (with flight tracking)
    - Airport Drop-off
    - Domestic flights: Recommend arrival 2 hours before
    - International flights: Recommend arrival 3 hours before
    - Driver waits up to 30 minutes after landing (free)

2. **Railway/Train Station Transfers**

    - Station pickup
    - Station drop-off
    - Enter train details for tracking

3. **City Cabs**

    - Point-to-point transfers within city
    - Hourly rental (4h / 8h / 12h packages)
    - Sightseeing packages

4. **Intercity Transfers**

    - One-way (City A to City B)
    - Round-trip
    - Fixed pricing or distance-based

Search & Booking

Search Inputs

Transfer Type & Trip:

- Transfer type: Airport / Railway / City / Intercity
- Trip type: One-way / Round-trip

Locations:

- **Pickup Location:**
  - Auto-suggest (address/location name)
  - GPS current location
  - Predefined list (airports, stations, landmarks)
  - Link to hotel booking (if applicable)
- **Drop Location:** Same options as pickup

Date & Time:

- Pickup date (up to 90 days in advance)
- Pickup time (15-minute intervals, 24-hour format)
- Return date & time (if round-trip)

Passengers & Luggage:

- Passengers: 1-8
- Luggage count: 0-10 bags

Flight/Train Details (Optional but Recommended):

- Flight/Train number
- Airline/Train name (auto-populated)
- Arrival/Departure time
- Terminal/Track number

Purpose: Driver can track flight/train status and adjust for delays

---

Vehicle Types

Vehicle Class	Capacity	Examples	Price Range	Best For
Sedan	3-4 passengers 2-3 bags	Toyota Camry, Honda Accord, Ford Fusion	$$	Solo travelers, couples, small groups
SUV	5-6 passengers	Chevrolet Suburban, Ford Explorer, Toyota Highlander	$$$	Families, groups with luggage

Vehicle Class	Capacity	Examples	Price Range	Best For
	4-5 bags

[View Details] [Book Now]

Sorting Options:

- Price (Low to High)
- Rating (High to Low)
- Vendor preference (based on past bookings)

Booking Flow

1. Passenger Details

- **Primary Passenger:**
  - Full name
  - Mobile number (for driver contact)
  - Email
  - Alternate contact number
- **Additional Travelers:**
  - Names

    - Special needs (wheelchair, child seat, etc.)

2. Flight/Train Details (for Airport/Railway Transfers)

- **Flight Number:** e.g., AA 101
- **Airline:** Auto-populated (American Airlines)
- **Arrival/Departure Time:** e.g., 10:30 AM
- **Terminal/Track:** e.g., Terminal 4

Why It Matters:

- Driver tracks live flight/train status
- Adjusts pickup time if delayed
- Free waiting time up to 30 minutes after actual landing

3. Special Instructions (Optional)

- Pickup instructions (e.g., "Meet at Gate 5")
- Drop-off instructions (e.g., "Hotel rear entrance")
- Any other notes for driver

4. Meet & Greet Service (+$30)

- Driver meets at arrivals gate with name placard
- Assists with luggage
- Escorts to vehicle
- Custom meeting point if needed

Driver Allocation

For Immediate Bookings (<2 hours):

- Driver assigned within 5 minutes
- Receive SMS/Email with:
    - Driver name
    - Driver photo
    - Mobile number
    - Vehicle make, model, and license plate

For Scheduled Bookings (>2 hours):

- Driver assigned 2-3 hours before pickup time
- Receive notification when driver assigned

Payment & Confirmation

Payment Methods:

- TMC Wallet (no fee, instant)
- Credit/Debit Card (2% fee)
- Net Banking (1% fee)
- Postpaid Credit (for TMCs with credit limit)

Confirmation Delivered:

- **Email:**
    - Booking voucher with details
    - Driver information (when assigned)
    - Pickup instructions
    - Payment receipt
- **SMS:**
    - Booking reference
    - Pickup date, time, location
    - Driver details (when assigned)
- **Dashboard:**
    - Booking appears in "My Bookings"
    - Status: "Confirmed" or "Driver Pending"

Voucher Contains:

- Booking ID
- Transfer type
- Pickup/drop locations
- Date and time
- Passenger name and contact
- Vehicle type
- Driver details (when assigned)
- Fare breakdown
- Cancellation policy
- Support contact

Real-Time Tracking

Available: 30 minutes before scheduled pickup time

Features:

- **Live Map:** Driver's current location
- **Auto-refresh:** Every 30 seconds
- **ETA Display:** Estimated arrival time
- **Route Shown:** Pickup to drop-off
- **Driver Icon:** Car icon on map
- **Status Updates:**
    - "Driver en route to pickup"
    - "Driver arrived at pickup"
    - "Trip in progress"
    - "Trip completed"

Driver Communication

In-App Chat:

- Text messaging with driver
- Pre-defined quick messages:
    - "I'm running 5 minutes late"
    - "Where are you?"
    - "I'm at the pickup point"
    - "Thank you"

Phone Call:

- Click-to-call button
- Call masking (privacy protection)
- Direct line to driver

SMS:

- Receive updates via SMS
- Driver can send ETA updates

Important Notes:

- ❌ DO NOT change booking details via driver
- ❌ DO NOT make cash payments to driver

- ✅ All changes must be made through platform
- ✅ All payments processed through platform

Trip Completion

Process:

1. Driver marks trip as "Completed"
2. Fare finalized
    - For fixed price: Amount remains same
    - For distance-based: Actual distance calculated
3. Invoice generated and emailed
4. Feedback request sent

Distance-Based Adjustment:

- If actual distance > estimated distance:
    - System calculates additional fare
    - Email sent: "Trip exceeded estimated distance"
    - Approval required from TMC Admin
    - Additional amount charged if approved

Example:

Estimated: 25 km = $80

Actual: 32 km = $98

Additional: $18 (approval required)

Modifications

Modification Type	Fee	Timeline	Notes
Pickup Time	Free (>24h) $20 (<24h)	Immediate	Vendor availability checked
Pickup/Drop Location	$20 + Fare difference	30 min - 2h	Significant location changes require vendor approval

Modification Type	Fee	Timeline	Notes
Vehicle Type	Fare difference + $10	30 min - 2h	Upgrade/Downgrade, subject to availability

Modification Process (TMC Admin/Support Agent Only)

1. View booking
2. Click "Modify"
3. Select modification type
4. Enter new details
5. System checks availability
6. Shows additional costs
7. Submit request
8. Vendor confirms (if needed)
9. Pay additional charges
10. Updated confirmation sent

Cancellation Policy

Timeframe	Cancellation Fee	Refund
24+ hours before	Free	100% refund
12-24 hours before	25%	75% refund
6-12 hours before	50%	50% refund
2-6 hours before	75%	25% refund
<2 hours or No-show	100%	No refund

Example:

Booking Amount: $100

Cancelled 18 hours before: 25% fee = $25

Refund: $75 to Wallet (instant) or original method (3-5 days)

Free Cancellation Timer

Visual indicator on booking page:

- 🟢 **Green:** >12 hours (Free cancellation)
- 🟡 **Yellow:** 6-12 hours (50% fee)
- 🔴 **Red:** <6 hours (75-100% fee)

Refund Process

Cancellation Timeline:

Stage	Duration
Vendor Processing	3-5 business days
Platform Processing	1-2 business days
Total	**5-7 business days**

Refund Methods:

- **To Wallet:** Faster (instant once vendor confirms)
- **To Original Payment:** 3-5 days after wallet credit

Status Tracking:

1. ⏳ Cancellation Requested
2. ⏳ Vendor Processing
3. ⏳ Vendor Confirmed
4. ⏳ Refund Initiated
5. ✅ Refund Completed

- Average commission per booking

Key User Journeys

Journey 1: TMC Booking Agent - Airport Transfer

Scenario: Book airport pickup for client arriving in New York

Steps:

1. Login as Booking Agent
2. Navigate to "Cabs & Transfers"
3. Select: Airport Transfer - Pickup
4. Enter details:
    - Airport: JFK, Terminal 4
    - Drop-off: Marriott Marquis, Times Square
    - Date: Dec 15, 2024
    - Time: 11:00 AM (flight lands 10:30 AM)
    - Passengers: 1, Luggage: 2
    - Flight: AA 101, American Airlines
5. Recommended pickup: 11:00 AM (30 min after landing)
6. View results
7. Select: Uber Sedan - $80 (Commission 5% = $4)
8. Add: Meet & Greet service (+$30)
9. Enter passenger details (from client database)
10. Special instructions: "Client name: John Smith"
11. Enter client information
12. Review total: $119.50
13. Pay via TMC Wallet

14. Instant confirmation (CAB123456)
15. Email voucher to client

2 Hours Before Pickup: 16. Driver assigned: Mike Johnson, Toyota Camry, ABC-1234 17. SMS sent to client with driver details

30 Minutes Before: 18. Real-time tracking enabled 19. Client can see driver approaching airport

At Airport: 20. Driver meets with placard at arrivals 21. Assists with luggage 22. Trip begins (tracking active)

At Hotel: 23. Driver marks "Completed" 24. Invoice sent 25. Feedback request

Duration: 5-7 minutes to book
Outcome: Smooth airport pickup, $4 commission earned

Journey 2: TMC Support Agent - Handle Pickup Time Change

Scenario: Client's flight delayed, need to update pickup time

Steps:

1. Client emails: "Flight AA 101 delayed to 2:00 PM, need later pickup"
2. Support Agent logs in
3. Search booking by reference number
4. View booking: Originally 11:00 AM pickup
5. Flight tracker shows: Delayed to 2:00 PM
6. Click "Modify" → "Change Pickup Time"
7. New time: 2:30 PM (30 min after new landing)
8. System checks: Modification within 30 hours = Free
9. Vendor confirms: Available
10. Updated automatically
11. New confirmation sent to client
12. Driver will be reassigned closer to new time
13. Create support ticket for record
14. Close ticket

Duration: 5 minutes
Outcome: Pickup time updated at no cost

Journey 3: TMC Admin - Cancellation with Refund

Scenario: Client cancels trip, needs cab booking cancelled

Steps:

1. Client calls: "Trip cancelled, please cancel the cab"
2. TMC Admin logs in
3. View booking: Pickup in 30 hours
4. Click "Cancel"
5. System shows:
    - Booking amount: $100
    - Cancellation: 30 hours = Free (>24h)
    - Refund: $100
6. Select reason: "Trip cancelled"
7. Confirm cancellation
8. Vendor notified
9. Confirmation: "Cancellation successful"
10. Refund to Wallet: Instant
11. Email sent to client
12. Commission $5 reversed from agent's dashboard

Duration: 3 minutes
Outcome: Full refund, instant to wallet

Journey 4: Intercity Transfer with Distance-Based Pricing

Scenario: Client needs transfer from New York to Philadelphia

Steps:

1. TMC Booking Agent selects: Intercity Transfer
2. Enter:
    - Pickup: Manhattan, New York
    - Drop: Downtown Philadelphia
    - Date: Dec 20, Time: 9:00 AM
    - Passengers: 3, Luggage: 5
3. Select: SUV ($250 estimated for ~160 km)
4. Book and confirm
5. Driver assigned day before
6. Trip begins
7. **Actual distance: 180 km (20 km more than estimated)**
8. Trip completes

9. System calculates: $250 + $30 extra = $280
10. Email to TMC Admin: "Additional $30 due to extra distance"
11. Admin reviews trip route (shown on map)
12. Approves additional charge
13. $30 charged to TMC Wallet
14. Final invoice sent

Duration: Normal booking time + approval for extra charge
Outcome: Fair pricing based on actual distance

Blocked	$100	Cannot create new bookings until recharged

Notification Content:

⚠️ LOW BALANCE ALERT

Your wallet balance has dropped to $450.

This is below the critical threshold of $500.

Please recharge immediately to avoid booking restrictions.

Current Balance: $450

Recommended Recharge: $5,000

[Recharge Now]

Credit Limit System

Credit Attributes

Credit Limit:

- Maximum amount TMC can owe at any time
- Set by Super Admin - Finance during onboarding
- Example: $10,000 credit limit

Credit Period:

- Payment terms for outstanding amount
- Options: 15 days, 30 days, 45 days (for high-value TMCs)
- Starts from invoice date

Credit Utilized:

- Current outstanding amount owed
- Updated in real-time with each booking

Available Credit:

- Credit Limit - Credit Utilized
- Amount TMC can still use on credit

Overdue Status:

- Payments past due date
- Triggers collection workflows

How Credit Works

Example Scenario:

TMC Credit Setup:

```
├─ Credit Limit: $10,000
├─ Credit Period: 30 days
└─ Current Status:
   ├─ Credit Utilized: $3,000
   ├─ Available Credit: $7,000
   └─ Overdue: $0
```

Booking Flow with Credit:

1. TMC books flight for $2,000
2. Select "Postpaid Credit" as payment
3. Credit Utilized increases: $3,000 → $5,000
4. Available Credit decreases: $7,000 → $5,000
5. Invoice generated with due date (30 days)
6. TMC must pay $2,000 within 30 days

Payment:

1. TMC pays $2,000 via bank transfer
2. Super Admin - Finance verifies

3. Credit Utilized decreases: $5,000 → $3,000

4. Available Credit increases: $5,000 → $7,000

Credit Extension Request

When Needed:

- Credit limit exhausted
- Need higher credit for large group bookings
- Seasonal demand increase

Process:

1. TMC Admin clicks "Request Credit Extension"
2. Fill form:
    - Current limit: $10,000
    - Requested limit: $20,000
    - Justification: "Annual conference with 50 employees"
    - Supporting documents (optional): Past payment history, upcoming bookings
3. Submit request
4. Super Admin - Finance reviews:
    - Payment history (on-time vs. delayed)
    - Current utilization
    - Business justification
    - Financial health
5. Decision:
    - **Approved:** Limit increased, email notification
    - **Rejected:** Reason provided, suggestions given
6. If approved, new limit active immediately

Review Criteria:

- 100% on-time payment history: Auto-approve up to 2x
- 1-2 late payments: Manual review
- 3+ late payments or current overdue: Reject

Payment Methods (for Bookings)

Payment Method	Processing Fee	Processing Time	Best For
Wallet	No fee	Instant deduction	All bookings
Credit/Debit Card	2%	Instant (3D Secure)	Quick recharge + booking
Net Banking	1%	5 minutes	Medium amounts
Postpaid Credit	No fee	Instant (if credit available)	Manage cash flow

---

Payment Flow (Booking Checkout)

Step-by-Step:

1. **Select Payment Method**

   - Wallet (if balance sufficient)
   - Card (enter details)
   - Net Banking (select bank)
   - Postpaid Credit (if credit available)

2. **Review Amount**

   Booking Amount: $1,800.00

   Processing Fee (2%): $36.00 (if card)

   Total Payable: $1,836.00

3. **Verify & Confirm**

   - For Wallet: Instant deduction
   - For Card: Enter CVV → OTP verification
   - For Net Banking: Redirect to bank → Login → Authorize
   - For Credit: Check available credit → Confirm

4. **Processing (5-30 seconds)**

   - Payment gateway processes

    - Funds verified

5. **Confirmation**

    - Payment successful
    - Booking confirmed
    - PNR/Confirmation number generated
    - Receipt emailed

Payment States:

- ⏳ **Processing:** Payment in progress
- ✅ **Success:** Payment completed, booking confirmed
- ❌ **Failed:** Payment declined (reason shown)
- ⏸️ **Pending Verification:** Manual verification needed

- Pending Supplier Settlements
- TMCs with Overdue Payments (count and amount)

- Credit Utilization (total across all TMCs)

Quick Actions:

- View overdue payments
- Process supplier settlements
- Manage TMC credit limits
- Block/unblock TMCs
- Financial reports

TMC Financial Management

View All TMCs (Financial View):

- List with financial data
- Display: TMC name, Wallet balance, Credit limit, Credit utilized, Overdue amount, Payment status

Filters:

- Credit status: With credit, No credit
- Payment status: Current, Overdue
- Overdue days: 1-15, 16-30, 31-60, 60+

TMC Financial Detail:

- Wallet balance
- Wallet transaction history
- Credit limit and utilization
- Credit period (15/30/45 days)
- Outstanding invoices
- Payment history
- Overdue amount (if any)
- Days overdue

Credit Limit Management

Set Initial Credit Limit (New TMC):

1. Receive TMC approval from Operations
2. Review TMC profile and business details
3. Assess creditworthiness

4. Set credit limit ($0 - $100,000+)
5. Set credit period (15/30/45 days)
6. Activate credit
7. Email notification to TMC Admin

Modify Existing Credit Limit:

1. View TMC credit details
2. Review:
    - Payment history
    - Current utilization
    - Overdue status
3. Increase or decrease limit
4. Update credit period (if needed)
5. Save changes
6. Email notification to TMC Admin

Credit Extension Requests (from TMCs):

1. View pending requests in queue
2. Open request
3. Review:
    - Current limit and requested limit
    - Justification
    - Payment history
    - Recent bookings
    - Financial health
4. Decision:
    - Approve: Set new limit → Email TMC
    - Reject: Enter reason → Email TMC
5. Close request

Auto-Approval Rules:

- 100% on-time payment + increase ≤2x current: Auto-approve
- Otherwise: Manual review

Block/Unblock TMC

When to Block:

- Overdue payment >30 days
- Fraudulent activity

- Multiple payment failures
- Breach of terms

Block Process:

1. Navigate to TMC detail
2. Click "Block TMC"
3. Select reason:
    - Non-payment
    - Fraud
    - Terms violation
    - Other (specify)
4. Add notes
5. Confirm block
6. System actions:
    - TMC login disabled
    - All pending bookings cancelled (if policy allows)
    - Email sent to TMC Admin
    - All TMC users notified

Unblock Process:

1. Verify issue resolved (payment received, etc.)
2. Click "Unblock TMC"
3. Add notes
4. Confirm unblock
5. TMC access restored
6. Email notification

Overdue Payment Management

Overdue Dashboard:

- List of TMCs with overdue amounts
- Sort by: Amount, Days overdue
- Display: TMC name, Overdue amount, Invoice numbers, Days overdue, Last payment date

Payment Reminder System:

- Auto email at: Due date -3 days, Due date, Due date +7 days, Due date +15 days
- Manual reminder: Click "Send Reminder" button

Collection Workflow:

1. Auto reminder emails (system-generated)
2. Finance contacts TMC (phone/email) at +7 days
3. Final notice at +15 days
4. Block TMC at +30 days (if unpaid)
5. Escalate to legal (if necessary)

Record Payment:

1. Click "Record Payment" on invoice
2. Enter payment details:
    - Amount received
    - Payment date
    - Payment method
    - Transaction reference
3. Upload bank receipt (optional)
4. Save
5. System updates:
    - Credit utilized decreases
    - Available credit increases
    - Overdue amount cleared
6. Email confirmation to TMC

Supplier Settlement Processing

Pending Settlements:

- List of bookings requiring supplier payment
- Group by: Supplier, Date range
- Display: Supplier, Booking count, Total amount, Due date

Settlement Process:

1. Select supplier or date range
2. Review bookings included
3. Verify amounts
4. Generate settlement report
5. Process payment to supplier
6. Upload payment proof
7. Mark as "Settled"
8. System records settlement

Reconciliation:

- Compare bookings vs supplier invoice
- Flag discrepancies
- Resolve differences
- Approve settlement

Financial Reports

Available Reports:

Revenue Report:

Standard Reports

Booking Reports

TMC Admin Booking Report:

- All bookings for TMC
- Filter by: Date range, Service type, Agent, Client, Status
- Columns: Booking ID, Date, Service, Client, Traveler, Route/Hotel, Amount, Commission, Status
- Export: PDF, Excel, CSV

Booking Agent Booking Report:

- Own bookings only
- Same filters and columns
- Personal commission tracking

Super Admin Booking Report:

- All platform bookings
- Filter by: TMC, Date range, Service type, Status
- Additional columns: TMC name, Agent name
- Platform-wide analysis

Revenue Reports

TMC Revenue Report:

- Total booking value (GMV)
- Breakdown by service (Flights, Hotels, Cabs)
- Breakdown by client
- Monthly/quarterly trends
- Commission earned
- Date range selector

Platform Revenue Report (Super Admin - Finance):

- Total platform GMV
- Net revenue (after commissions)
- Revenue by TMC

- Revenue by service
- Revenue by supplier
- Margin analysis
- Growth metrics

Commission Reports

Agent Commission Report:

- Commission by booking
- Daily/weekly/monthly totals
- Breakdown by service
- Breakdown by client
- Commission rate analysis

TMC Commission Report:

- All commission earned by TMC
- Breakdown by agent
- Breakdown by service
- Top earning bookings

Report Features

Filters & Parameters

Common Filters:

- Date range (preset or custom)
- Service type (Flights/Hotels/Cabs/All)
- Status (Confirmed/Cancelled/Pending)

Role-Specific Filters:

- TMC Admin: By agent, by client
- Super Admin: By TMC, by supplier

Export Options

Format	Description	Best For
PDF	Formatted with branding, tables, charts	Presentation, printing
Excel	With formulas, multiple sheets, sortable	Analysis, manipulation
CSV	Plain data, comma-separated	Import to other systems

Report Scheduling

Available for TMC Admin and Super Admin:

1. Click "Schedule Report"
2. Select report type
3. Configure:
    - Frequency: Daily, Weekly, Monthly
    - Day/Time: Mon-Sun, Time selection

        - Recipients: Up to 10 email addresses
4. Save schedule
5. Reports auto-generated and emailed

Example:

Scheduled Report: Monthly Booking Summary

Frequency: Monthly (1st of each month, 8:00 AM)

Recipients: admin@tmc.com, accounts@tmc.com

Format: PDF + Excel

09: Support & Ticketing System

Ticket Creation

Creation Points

For TMC Users:

- From booking page (auto-populates booking details)
- From "Help" section in dashboard
- From "My Bookings" → specific booking → "Report Issue"

For Customers (via TMC):

- TMC Support Agent creates on behalf of customer
- Email to support address (auto-creates ticket)
- WhatsApp message (if integrated)

Ticket Form

Required Fields:

- Subject (brief description)
- Category:
    - Booking Issue
    - Payment Problem

    - Refund Query
    - Modification Request
    - Technical Issue
    - General Inquiry
- Priority (auto-suggested based on travel date):
    - Critical: Travel < 24 hours
    - High: Travel < 72 hours
    - Medium: General queries
    - Low: Non-urgent
- Description (detailed explanation)
- Booking Reference (if related to booking)

Optional Fields:

- Attachments (screenshots, documents)
- Preferred contact method (email/phone)
- Alternate contact

Auto-Population

When created from booking page:

TICKET CREATION

📋 Booking Information (Auto-filled):

├─ Booking ID: FLT123456

├─ Service: Flight

├─ Route: JFK → LHR

├─ Travel Date: Dec 15, 2024

├─ Status: Confirmed

├─ Passenger: John Smith

└─ Client: ABC Corp

📝 Describe Your Issue:

State Transitions

NEW → ASSIGNED:

- Auto-assignment (round-robin) OR
- Manual assignment by supervisor

ASSIGNED → IN PROGRESS:

- Agent starts working

- First response sent to customer

IN PROGRESS → ON HOLD:

- Waiting for customer response
- Waiting for supplier confirmation
- Waiting for internal approval

ON HOLD → IN PROGRESS:

- Customer responds
- Information received
- Resume work

IN PROGRESS → RESOLVED:

- Solution provided
- Issue fixed
- Customer notified

RESOLVED → CLOSED:

- Auto-close after 48 hours if no response
- Customer confirms resolution
- Manual close by agent

CONVERSATION:

👤 John Smith (Dec 10, 10:00 AM):

Need to cancel my flight urgently due to family

emergency. Please process cancellation and refund

as soon as possible.

👩‍💼 Sarah - Support (Dec 10, 10:15 AM):

Hi John, I understand this is urgent. I am checking

the cancellation policy for your booking. Will

update you shortly.

📎 Internal Note: Checking with airline for

waiver due to emergency

👩‍💼 Sarah - Support (Dec 10, 10:45 AM):

Good news! I have initiated the cancellation. Refund

of $1,025 will be processed to your TMC wallet

within 10-17 business days.

Would you like me to help with rebooking for a

later date?

[Reply] [Add Internal Note] [Escalate] [Resolve]

Actions Available

TMC Support Agent:

- View all TMC tickets
- Assign tickets to self
- Reply to customers
- Add internal notes (not visible to customer)
- Change status
- Link/unlink bookings
- Initiate modifications/cancellations
- Escalate to TMC Admin
- Resolve and close tickets

TMC Admin:

- All Support Agent actions, plus:
- Reassign tickets between agents
- View team performance
- Handle escalations
- Set priorities

- Bulk actions

Super Admin - Operations:

- View all platform tickets
- Handle escalations from TMCs
- Reassign between teams
- Set SLA overrides
- Platform-wide ticket analysis

Communication Channels

Email Integration

Incoming:

- Emails to support@tmc-name.traventions.com auto-create tickets
- Reply emails added to existing ticket thread
- Attachments automatically saved

Outgoing:

- All agent replies sent via email
- Email templates available
- Ticket status updates sent via email

In-App Messaging

- Real-time chat within ticket
- Pre-defined quick responses:
    - "Thank you for contacting us."
    - "I am looking into this for you."
    - "Your request has been processed."
    - "Is there anything else I can help with?"
- Rich text formatting
- File attachments
- Message read receipts

WhatsApp Integration (Optional)

- Connect WhatsApp Business account
- Receive customer messages as tickets
- Reply via WhatsApp from ticket interface
- Media support (images, documents)
- Message templates for notifications

Escalation Process

Escalation Triggers

Auto-Escalation:

- SLA breach (response or resolution)
- Customer requests supervisor
- Ticket reopened 3+ times
- High-value booking (> $5,000)

Manual Escalation:

- Agent clicks "Escalate"
- Selects reason:
    - Need supervisor approval
    - Technical issue beyond scope
    - Customer complaint
    - Policy exception required
- Adds escalation notes

Escalation Path

```
TMC Support Agent
    │
    ├─► TMC Admin (First escalation)
    │   │
    │   └─► Super Admin - Operations (If unresolved)
    │       │
```

```
│            └─► Platform Management (Critical issues)
│
└─► Super Admin - Finance (Payment/refund issues)
```

Support Metrics

Agent Metrics (TMC Support Agent View)

- Tickets resolved (today/week/month)
- Average resolution time
- First response time

Session Management

Session Timeout

- **Timeout Duration:** 30 minutes of inactivity
- **Warning:** At 28 minutes, show warning modal:

```
┌─────────────────────────────────┐
│                                 │
│  ⏰ Session Expiring Soon        │
│                                 │
│  Your session will expire in    │
│  2 minutes due to inactivity.   │
│                                 │
```

```
│   [Stay Logged In] [Logout Now]   │
│                                   │
└───────────────────────────────────┘
```

- **On Timeout:** Redirect to login with message
- **Form Auto-Save:** Save draft data before timeout (where applicable)

Validation Framework

Field Validations

Field Type	Validation Rules
Email	Valid format, domain check
Password	Min 8 chars, uppercase, lowercase, number, special char
Phone	Country code + valid format
Date	Valid format, logical constraints (not in past for travel)
Amount	Positive number, within limits
Name	No numbers/special chars, min 2 chars
PNR/ID	Format validation per supplier

Validation Timing

- **On Blur:** Validate when user leaves field
- **On Submit:** Validate entire form
- **Real-Time:** Password strength indicator

Error Display:

- Inline error messages below field
- Red border on invalid fields
- Summary at top for multiple errors

- Focus on first error field

Security Features

Authentication

Login:

- Email + password
- 2FA (TOTP or SMS):
    - Mandatory: Super Admin roles
    - Optional: TMC Admin
    - Not required: Booking/Support agents
- Remember device option (30 days)
- Login from new device notification

Password Requirements:

- Minimum 8 characters
- At least 1 uppercase letter
- At least 1 lowercase letter
- At least 1 number
- At least 1 special character (!@#$%^&*)
- Cannot contain username or email

Password Expiry:

- Super Admin roles: 90 days
- TMC roles: 120 days
- Warning 7 days before expiry

Account Lockout:

- 5 failed login attempts
- 30-minute lockout
- Email notification on lockout
- Admin can manually unlock

Session Security

- Secure session tokens (HttpOnly, Secure cookies)

- Session invalidation on password change
- Single session per user (optional: configurable)
- IP-based session validation (optional)
- Device fingerprinting for fraud detection

Data Protection

- **In Transit:** HTTPS/TLS 1.3 encryption
- **At Rest:** AES-256 encryption for sensitive data
- **PCI DSS:** Compliance for payment data
- **Data Masking:** Card numbers, passwords masked in logs
- **Audit Trail:** All sensitive operations logged

Notification System

Email Notifications

Booking Notifications:

- Booking confirmation
- E-ticket/Voucher
- Modification confirmation
- Cancellation confirmation
- Refund status updates

Account Notifications:

- Welcome email
- Password reset
- Password changed
- Login from new device
- Account locked
- 2FA enabled/disabled

Wallet/Payment Notifications:

- Wallet recharged
- Low balance alert
- Payment confirmation
- Credit limit updated
- Overdue payment reminder

Support Notifications:

- Ticket created
- Ticket assigned
- Ticket updated
- Ticket resolved

SMS Notifications

Critical Only:

- Booking confirmation (PNR)
- Same-day travel reminders
- Cab driver assigned
- Critical low balance
- Account security alerts

In-App Notifications

Bell Icon with Badge:

- Unread count displayed
- Dropdown list of recent notifications
- Click to navigate to relevant page
- Mark as read/unread
- Clear all option

Performance Standards

Page Load Targets

Page	Target	Maximum
Homepage/Dashboard	< 2 seconds	3 seconds
Search Results	< 3 seconds	5 seconds
Booking Pages	< 2 seconds	3 seconds

Page	Target	Maximum
Reports	< 5 seconds	8 seconds
My Bookings	< 2 seconds	3 seconds

API Response Targets

API Type	Target	Maximum
Flight Search	< 3 seconds	5 seconds
Hotel Search	< 2 seconds	4 seconds
Cab Search	< 2 seconds	3 seconds
Booking Creation	< 5 seconds	10 seconds
Payment Processing	< 2 seconds	5 seconds
User Authentication	< 1 second	2 seconds

Accessibility

WCAG 2.1 AA Compliance

- **Keyboard Navigation:** All functions accessible via keyboard
- **Screen Reader Support:** ARIA labels, semantic HTML
- **Color Contrast:** Minimum 4.5:1 for text
- **Focus Indicators:** Visible focus states
- **Text Sizing:** Support for browser zoom up to 200%
- **Error Identification:** Multiple methods (color + icon + text)
- **Form Labels:** All inputs have associated labels
- **Skip Links:** Skip to main content option

11: Phase-Wise Delivery Plan

Project Phases Overview

```
┌──────────────────────────────────────────────────────────────────────────────────────┐
│                                TRAVENTIONS DELIVERY TIMELINE                         │
├──────────────────────────────────────────────────────────────────────────────────────┤
│                                                                                      │
│  Phase 0: Discovery & UX        ▓▓▓
```

Phase 0: Discovery & UX Foundation

Duration: 3-4 weeks (Weeks 1-4)

Deliverables

1. User Research & Personas

- Define 5 user personas:
    - Super Admin - Operations
    - Super Admin - Finance
    - TMC Admin
    - TMC Booking Agent
    - TMC Support Agent
- User journey mapping for each role
- Pain points and goals documentation

2. Information Architecture

- Complete sitemap
- Navigation structure
- Role-based access mapping

3. Wireframes & Prototypes

- Low-fidelity wireframes for all screens (~50-60 screens)
- Interactive prototype for key user flows
- Usability testing with stakeholders

4. Visual Design

- Design system creation
- Component library (buttons, forms, cards, etc.)
- High-fidelity mockups for key screens
- Responsive design specifications

5. Technical Architecture

- System architecture document
- Database schema design
- API specifications
- Integration requirements (GDS, Hotels, Cabs, Payments)
- Security architecture

Milestone: Stakeholder sign-off on designs and architecture

Phase 1: Core MVP

Duration: 10-12 weeks (Weeks 5-16)

Module 1.1: Authentication & User Management

Features:

- [ ] Login/registration for all 5 roles
- [ ] Password reset via email
- [ ] 2FA for Super Admin roles
- [ ] Role-based access control
- [ ] TMC application submission
- [ ] TMC application review (Super Admin - Ops)
- [ ] TMC user creation (TMC Admin)
- [ ] User profile management

Module 1.2: Flight Booking (Basic)

Features:

- [ ] Flight search (one-way, round-trip)
- [ ] Search results with filters:
    - Price, Airlines, Stops, Times
- [ ] Fare type display (Net, Commissionable, NDC)
- [ ] Commission comparison for booking agents
- [ ] Fare rules display
- [ ] Passenger details entry
- [ ] Basic seat selection (free seats only)
- [ ] Basic meal selection
- [ ] Client information entry
- [ ] Payment via wallet
- [ ] Booking confirmation
- [ ] PNR generation
- [ ] E-ticket download (PDF)
- [ ] Email confirmation

Module 1.3: Hotel Booking (Basic)

Features:

- ☐ Hotel search by city
- ☐ Search results with filters:
  - Price, Star rating, Amenities, Cancellation
- ☐ Commission display for booking agents
- ☐ Hotel details page
- ☐ Room selection (single room type)
- ☐ Rate plan selection (Room Only, B&B)
- ☐ Guest details entry
- ☐ Instant confirmation only
- ☐ Payment via wallet
- ☐ Booking confirmation
- ☐ Voucher download (PDF)
- ☐ Email confirmation

Module 1.4: Cab Booking (Basic)

Features:

- ☐ Airport transfer search
- ☐ Vehicle selection (Sedan, SUV)
- ☐ Pickup location and time entry
- ☐ Passenger details entry
- ☐ Commission display for booking agents
- ☐ Payment via wallet
- ☐ Booking confirmation
- ☐ Voucher download
- ☐ Email confirmation
- ☐ Basic driver details display

Module 1.5: Wallet System (Basic)

Features:

- ☐ Wallet balance display
- ☐ Wallet recharge via bank transfer

- [ ] Wallet recharge via card (3D Secure)
- [ ] Transaction history
- [ ] Basic low balance alerts (email)
- [ ] Payment deduction for bookings

Module 1.6: My Bookings (Basic)

Features:

- [ ] View all bookings (upcoming, past, cancelled)
- [ ] Filter by service type and status
- [ ] Search by PNR/Booking ID
- [ ] View booking details
- [ ] Download e-tickets/vouchers
- [ ] Basic booking status display

Module 1.7: Basic Dashboards

Features:

- [ ] TMC Admin dashboard (booking count, wallet balance, commission summary)
- [ ] Booking Agent dashboard (own bookings, own commission)
- [ ] Super Admin - Ops dashboard (pending applications, TMC count)
- [ ] Super Admin - Finance dashboard (basic GMV, credit overview)

Module 1.8: Basic Support

Features:

- [ ] Support ticket creation
- [ ] Ticket list view
- [ ] Ticket status tracking
- [ ] Basic email notifications

Phase 1 Milestone: MVP pilot launch with 5-10 TMCs

Phase 2: Advanced Features

Duration: 8-10 weeks (Weeks 17-26)

Module 2.1: Enhanced Flights

Features:

- ☐ Multi-city search (up to 6 segments)
- ☐ Flexible date search (+/- 3 days)
- ☐ Advanced seat selection (paid seats, extra legroom)
- ☐ Special meals selection
- ☐ Extra baggage purchase
- ☐ Special requests (wheelchair, bassinet, etc.)
- ☐ Hold booking with TTL countdown
- ☐ TTL reminders (email, SMS)
- ☐ Flight modifications:
    - Date change
    - Name correction
    - Seat change
    - Meal update
- ☐ Flight cancellation
- ☐ Refund processing and tracking

Module 2.2: Enhanced Hotels

Features:

- ☐ Search by area/landmark
- ☐ On-request confirmation workflow
- ☐ Advanced filters (more amenities, distance, board basis)
- ☐ Multi-room booking (up to 9 rooms)
- ☐ Special requests (bed type, floor, etc.)
- ☐ Hotel modifications:
    - Date change
    - Room type change
    - Guest name change
- ☐ Hotel cancellation
- ☐ Partial room cancellation
- ☐ Refund processing and tracking

Module 2.3: Enhanced Cabs

Features:

- [ ] Railway station transfers
- [ ] City cabs (point-to-point, hourly)
- [ ] Intercity transfers
- [ ] All vehicle types (Luxury, Van)
- [ ] Flight/train tracking integration
- [ ] Driver allocation workflow
- [ ] Meet & greet service
- [ ] Real-time GPS tracking
- [ ] Driver communication (in-app chat, call)
- [ ] Trip completion and rating
- [ ] Cab modifications (time, location, vehicle)
- [ ] Cab cancellation with time-based charges
- [ ] Distance-based fare adjustment

Module 2.4: Credit System

Features:

- [ ] Credit limit configuration (Super Admin - Finance)
- [ ] Credit period setup (15/30/45 days)
- [ ] Credit payment method for bookings
- [ ] Credit utilization tracking
- [ ] Credit extension requests (TMC Admin)
- [ ] Credit extension approval (Super Admin - Finance)
- [ ] Overdue tracking
- [ ] Payment reminder system
- [ ] Record payment functionality
- [ ] Outstanding reports

Module 2.5: TMC Block/Unblock

Features:

- [ ] Block TMC functionality (Super Admin - Finance)
- [ ] Unblock TMC functionality
- [ ] Block reasons and notes
- [ ] Automatic booking restrictions when blocked
- [ ] Email notifications to TMC on block/unblock

Module 2.6: Enhanced Support & Ticketing

Features:

- [ ] Priority-based ticket queue
- [ ] SLA tracking with visual indicators
- [ ] Auto-escalation on SLA breach
- [ ] Ticket assignment workflow
- [ ] Internal notes
- [ ] Ticket linking to bookings
- [ ] Ticket status lifecycle
- [ ] Customer satisfaction rating
- [ ] Support metrics dashboard (TMC)

Phase 2 Milestone: Advanced features live, 25-50 TMCs onboarded

---

Phase 3: Enterprise Scale

Duration: 6-8 weeks (Weeks 27-34)

Module 3.1: Comprehensive Reporting

Features:

- [ ] Full dashboards for all 5 roles
- [ ] Booking reports (detailed, filterable)
- [ ] Revenue reports (GMV, margins)
- [ ] Commission reports (by agent, by service)
- [ ] Credit and outstanding reports
- [ ] Support metrics reports
- [ ] Advanced filters and date ranges

- [ ] Export to PDF, Excel, CSV
- [ ] Report scheduling (daily/weekly/monthly)
- [ ] Scheduled report email delivery

Module 3.2: Financial Operations

Features:

- [ ] Supplier settlement processing
- [ ] Settlement reconciliation
- [ ] Discrepancy flagging and resolution
- [ ] Payment scheduling
- [ ] Tax reports (summary, detailed)
- [ ] Invoice management
- [ ] Financial audit trail

Module 3.3: Bulk Operations

Features:

- [ ] Bulk TMC user upload (CSV)
- [ ] Bulk wallet recharge
- [ ] Bulk booking export
- [ ] Bulk report generation
- [ ] Bulk ticket operations

Module 3.4: Audit & Compliance

Features:

- [ ] User activity logs
- [ ] Booking activity logs
- [ ] Payment transaction logs
- [ ] System change logs
- [ ] Audit trail export
- [ ] Log retention management (90 days active, archive older)
- [ ] Compliance reports (PCI, data access)

Module 3.5: Multi-Channel Notifications

Features:

- ☐ Email templates customization
- ☐ SMS notifications (critical events)
- ☐ WhatsApp Business integration (optional)
- ☐ In-app notification center
- ☐ Notification preferences per user
- ☐ Notification history

Module 3.6: Performance & Optimization

Features:

- ☐ Search result caching
- ☐ Database query optimization
- ☐ CDN implementation for static assets
- ☐ Load testing (1,000+ concurrent users)
- ☐ Performance monitoring dashboard
- ☐ Error tracking and alerting

Module 3.7: Security Hardening

Features:

- ☐ PCI DSS compliance verification
- ☐ Security audit and fixes
- ☐ Penetration testing
- ☐ WCAG 2.1 AA accessibility audit
- ☐ Data encryption verification
- ☐ Session security hardening

Phase 3 Milestone: Enterprise-ready platform, 100+ TMCs capacity

---

Phase 4: Optimization (Optional)

Duration: 4-6 weeks (Weeks 35-40)

If Required:

- Performance tuning based on production data
- UX enhancements from user feedback
- Additional supplier integrations
- Additional payment gateways
- CRM integration capabilities
- Accounting software integrations
- REST API documentation for third-party integrations
- Webhooks and SDK development
- Mobile app readiness assessment

Success Metrics

Functional Completeness

Metric	Target
User roles operational	5 of 5
All services functional	Flights, Hotels, Cabs
Booking success rate	> 95%
Payment success rate	> 98%
Report accuracy	100%

Performance Metrics

Metric	Target
System uptime	> 99.5%
Page load time	< 2 seconds
Search response time	< 3 seconds

Metric	Target
API response time	< 500ms (avg)
Concurrent users supported	1,000+

User Satisfaction

Metric	Target
User satisfaction score	> 4/5
Support ticket resolution	< 24h (avg)
Critical issue resolution	< 4h
Feature adoption rate	> 80%
Error rate	< 1%

Appendix: Key Terms Glossary

Term	Definition
GDS	Global Distribution System (Amadeus, Sabre) - Flight inventory source
NDC	New Distribution Capability - Direct airline content with higher commission
PNR	Passenger Name Record - Unique booking reference
TTL	Ticketing Time Limit - Deadline for completing payment on hold bookings
TMC	Travel Management Company - B2B travel agents
GMV	Gross Merchandise Value - Total booking value

Term	Definition
KYC	Know Your Customer - Identity verification process
SLA	Service Level Agreement - Response/resolution time commitments
2FA	Two-Factor Authentication - Additional login security
WCAG	Web Content Accessibility Guidelines - Accessibility standards
